## Profile

---

Dedicated Frontend Engineer dedicated to crafting responsive, user-friendly interfaces. Committed to seamless integration within product infrastructure, staying current on design trends. Agile and collaborative, excelling under tight deadlines for perfection.

## Experience

---

**LTIMindtree | Maharashtra, Mumbai**  
**Software Engineer | 10/2021 - Present**

- Led the development of two projects from scratch, showcasing proficiency in HTML, CSS, Bootstrap, and Angular. Crafted seamless interfaces for a smooth user experience.
- Successfully designed Application UI Templates with a strong emphasis on cross-platform and cross-browser compatibility, ensuring seamless user experiences across various environments.
- Played a vital role in leveraging Angular as the primary JavaScript framework across all projects. Interfaced with REST APIs to ensure robust data integration and utilized design principles to create responsive and interactive web applications, emphasizing a data-driven approach in diverse presentation formats.
- Implemented dynamic data retrieval, showcasing versatility in presenting data through tables, forms, and charts.
- Adept at troubleshooting coding and application errors to maintain optimal performance and functionality.
